One Nation Under Guns: How Gun Culture Distorts Our History and Threatens Our Democracy

By Dominic Erdozain

Historian Dominic Erdozain argues that we have wrongly ceded the big-picture argument on guns. Our nation's founders did not intend that individuals should have the right to bear arms. Armed individuals are anathema to their notion of freedom and the peaceful republic they hoped to build. This distorted reinvention of the second amendment by SCOTUS in 2008 is a threat to our democracy.
