

Getting to the polls shouldn't be the reason anyone misses an election.

From **October 16 through November 2**, the DFL Senior Caucus is offering free rides to early in-person voting through its new Rider Pilot Program in limited areas in MN, including: Anoka/Blaine, Bloomington, Mankato, North St Paul, Whitebear Lake, and Woodbury.

Need a ride?

Email dflseniors@gmail.com with your name, email address, and phone number. You'll get a short e-form to fill out, and once you send it back, the senior caucus will match you with a driver.

Help spread the word!

The program's biggest need is reaching riders, and the people who need a ride most are the least likely to see this email. Think of a neighbor, a parent, or someone from your place of worship or building who could use a lift. Forward this to them or let them know about it.

Also, sign up for a free Senior Caucus membership. It's open to all ages!
